Popular Farming®: Heirloom Farm

Before the advent of hybrid technology, farmers saved seeds for the next year's garden and sprouted new plants each season. Seeds saved from generation to generation, known as "heirlooms," are said to be seeds that have been saved for at least 50 years and grow true to their parents. Heirloom Farm has everything you need to know about returning your farm to its heirloom roots. With beautiful photos and in-depth articles, Heirloom Farm is a must-have for every gardener and farmer.
